Dear Renee,

Thank you for serving on the Advanced Technology Board of Directors. You gave a great deal of your time and expertise to assure the Academy growth and prosperity. We are sure you are proud to see how the vision you had for Advanced Technology Academy is being fulfilled.

As a public servant, you had a tremendous responsibility, not only to the students of Advanced Technology Academy, but to public education in Michigan. You accepted this responsibility with the utmost respect. Please accept this small token of our appreciation for your support of Advanced Technology Academy.

Sincerely,

Lila Malmborg
Director of Public School Academy Operations
